One of the most talked about couples and they still remain one of the most talked about celebs are Kanye West and Kim Kardashian. Their relationship has gotten one of the most and widespread media coverage. And it does not seem to end either; they are still the same powerful couple they were when they had just started dating. Here is a timeline of the path with each other.

Kanye West and Kim Kardashian Timeline

When you need to know about the Kim Kardashian and Kanye West bio, here are the details you need to know.

1. They began dating when Kim was still in her second wedding with Kris Humphries but divorced after just three months. They were friends from long time but started dating since October 2010.
2. Kanye had released his new track called "Therapy" where he revealed his love for Kim, through his lyrics "and I'll admit, I feel in love with Kim". Later, they made their couple debut during 2012.
3. In 2013, Kanye and Kim announced that they were expecting a baby and welcomed their first daughter and child, North Nori West. And during August 2013, the couple released the first photo of North on the talk show of Kris Jenner.
4. Later, in 2013 they got engaged where Kanye proposed to Kim with a 15 carat diamond ring. And they had their marriage ceremony on 24th May, 2014 in a private ceremony held at Florence, Italy.

Kim K and Kanye- Strength

Their relation was a subject of criticism and speculation where doubters thought if they would last for long. However, since they began dating and two kids later, the couple seems to just have a stronger love for each other than ever.

During Kim Kardashian's Paris Fashion Week robbery incident, she received much support from Kanye where he even postponed few upcoming concerts to be with this family. Similarly, during the recent episode of Kanye on 20th November, 2016 in his LA concert, Kim has stood by him constantly.

Kanye had reportedly seen visions of Jay-Z hiring hit men to kill him after which he was hospitalized. Kim Kardashian has been feeding him and nursing Kanye back to health for the entire time since then. <http://celebrityimages.org/celebrity/1577190>
